The Southern Racing Series

Partnership Overview – “great things happen together”

The Event

Nothing matches the exhilaration and excitement of motorcycle racing. Competitors adrenaline races through their bodies, a nervous excitement builds on the start-line, a rush of determination and aggression take over as the lights go-out.

Nothing rivals the sound of a V4 superbike in full flight – as close to a Motogp bike as we can get, or an inline 4 with the scream of a fighter jet. The speed, the closeness of the battle, near misses, power-slides, dark lines, wheelies, and that noise deliver an experience like no other.

Don't miss out on the excitement and the racing!

Motorcycling Canterbury and the Southland Motorcycle Club have joined forces to develop The Southern Racing Series, a premium three round South Island racing series.

Mark the dates, get your race face-on, your elbows out and get amongst the action. And remember this event is for you, so lets' get behind-it, support-it and lets' build a series of great racing together.
